PROFESSIONAL SUMMARY

Passionate, skilled Android Developer with hands-on experience building, optimizing, and maintaining mobile apps for education, charity, home-service, and business productivity domains. Proficient in Kotlin, Java, and Android Jetpack, applying clean-architecture principles (MVVM, MVP, MVI) to deliver scalable, testable, and maintainable code with a sharp focus on performance and industry-standard tooling.

TECHNICAL SKILLS

- **Programming Languages & Markup:** Java (8 – 21) · Kotlin (Coroutines & Flow) · Dart · C# · XML/Android-Layout
- **Architectural Paradigms:** Clean Architecture · MVVM · MVP · MVI · SOLID principles · Dependency Injection
- **Android Libraries & Frameworks:** Jetpack Compose · Android Jetpack (Lifecycle, Navigation, LiveData, ViewModel) · Paging · Hilt & Koin (DI) · Retrofit/OkHttp (REST) · Room (SQLite ORM) · DataStore (Proto & Preference) · WorkManager (background tasks) · Coroutines · Material Design Components
- **DevOps & Tooling:** Git & GitHub/GitLab · Gradle · GitHub Actions (CI/CD) · Firebase (Firestore, Cloud Messaging, Crashlytics) · Android Studio & SDK/ADB · Agile/Scrum · Jira · ClickUp
- **Deployment & Store Operations:** Google Play Console – AAB/APK signing, release management, crash & ANR monitoring, performance metrics

PROFESSIONAL EXPERIENCE

Mega Trust – Android Developer Egypt | Aug 2023 – Present

- Contributed to new features and modules across multiple Android applications.
- Collaborated in Agile teams to deliver updates and ensure app stability.

Snae ElMaarouf – Android Developer Egypt | Dec 2022 – Jul 2023

- Built and launched a charity management MVP in 7 weeks, supporting over 12,000 monthly transactions.
- Ensured full accessibility compliance and user satisfaction.

Rahtuk Company – Android Developer Saudi Arabia | Jul 2022 – Nov 2022

- Developed a real-time home services application.
- Reduced average booking-to-arrival time from 9 to 4 minutes, and increased upselling by 40%.

EDUCATION

Bachelor of Management Information Systems (MIS)

Delta Academy, Mansoura | Egypt • Class of 2022

LANGUAGES

- Arabic: Native language
- English: professional proficiency

PROJECTS

- **TaskedIn Pro (2023 – Present)**
 - Integrated five major modules, improved app cold-start time by 35%, and helped reach over 6,000 users with a 4.7-star rating.
- **Snae ElMaarouf (2022 – 2023)**
 - Delivered a charity-focused MVP app in under two months with accessibility and high transaction volume.
- **Rahtuk (2022-2022)**
 - Built core functionality for real-time bookings, significantly enhancing user experience and business growth.
- **Meta Sight & Utility Apps (2019 – 2022)**
 - Developed an ML-powered accessibility tool and various demo projects as part of continuous learning and innovation.
